

DISTRICT 19A
SPRING CONFERENCE ATTENDANCE
AWARD RULES

This award is given to the club with the highest percentage of registered members (based on club membership as of the last day of the month proceeding the Spring Conference) in attendance at the Spring Conference. The club must register individual members by name and not a bulk number for that club. Registered members must sign in at the registration desk in order to be counted, and members who have outstanding receivables in their registration will not be included in the official count.
