FEBRUARY 2008

UPCOMING

Spring Conference – Burnaby - April 4th & 5th

Lynn Valley Day.....May 31st 2008

**Spring Conference is coming!! Executive Hotel & Conference Centre
4201 Lougheed Highway, Burnaby, 604 298-2010**

This is a good idea for the newer members to attend with their spouses to get a much better picture of the Integrity and depth of Lions. The fun night (Friday) is a Hawaiian theme so drag out those very loud shirts you bought and get some more use out of them. Lets get a few tables going and have some fun at the fun night, Instead of confining ourselves to a small room filled with nice people that visit nice LVLC and drink our Admin fun into bankruptcy. (*Lion George did make a good point*)

The Saturday Luncheon is always an indication of great camaraderie & fellowship, and my god how can you turn it down? The club will pay (as long as the admin. Account has it)

Hope to see a very good turnout so fill out the forms given out at Feb 19th meeting.

Maybe we should re-instate the Convention account? We used to find it with self motivated projects from the tail twister having special fun nights at a few meetings, a club garage sale would provide a percentage.

It died out because not all members went to a convention, but it could be toned down to a specific use, *any other comments you would like to put into the bulletin let me know!* ED.

Zone Valentine's Dinner Dance @ Cheers 16th February 2008

A nice evening with flowers for all the ladies and a great singing DJ from the scaffolds of RJR Const. Lots of dancing and really good food from Cheers, from LVLC there was Bob, Jim and his gorgeous date Christine, Terry, James, George, Paul and their respective others, most clubs were represented and a good time was had by all. As a gesture of thanks the Ladies were sent home with a potted plant from LVLC.

**FOUR THINGS YOU PROBABLY NEVER KNEW
YOUR MOBILE PHONE COULD DO.....**

There are few things that can be done in times of grave emergencies. Your mobile phone can actually be a lifesaver or an emergency tool for survival. Check out the things that you can do with it:

FIRST

EMERGENCY

The Emergency Number worldwide for Mobile is 112. If you find yourself out of the coverage area of your mobile network and there is an emergency, dial 112 and the mobile will search any existing network to establish the emergency number for you, and interestingly, this number, 112, can be dialed even if the keypad is locked. Try it out.

SECOND ***HAVE YOU LOCKED YOUR KEYS IN THE CAR?***

Does your car have a remote keyless entry? This may come in handy someday. Good reason to own a cell phone: *IF YOU LOCK YOUR KEYS IN THE CAR AND THE SPARE KEYS ARE AT HOME, CALL SOMEONE AT HOME ON THEIR MOBILE PHONE FROM YOUR CELL PHONE.* Hold your cell phone about a foot from your car door and have the person at your home press the unlock button, holding it near the mobile phone on their end. Your car will unlock. Saves someone from having to drive your keys to you. Distance is no object. You could be hundreds of miles away, and if you can reach someone who has the other “remote” for your car, you can unlock the doors (or the trunk).

(My first thought was...Oh I must put a copy of this in the car)

“Editor’s Note”: It works fine! We tried it out and it unlocked our car over a mobile phone.

THIRD ***HIDDEN BATTERY POWER***

Imagine your mobile battery is very low. To activate, press the keys *3370# Your mobile will restart with this reserve and the instrument will show a 50% increase in battery. This reserve will get charged when you recharge your mobile next time.

FOURTH ***HOW TO DISABLE A STOLEN MOBILE PHONE***

To check your Mobile Phone’s serial number, key in the following digits on your phone: * # 0 6 #
A 15-digit code will appear on the screen. This number is unique to your handset. Write it down and keep it somewhere safe. When your phone gets stolen, you can phone your service provider and give them this code. They will then be able to block your handset so even if the thief changes the SIM card, your phone will be totally useless. You probably won’t get your phone

back, but at least you know that whomever stole it can't use/sell it either. If everybody does this, there would be no point in people stealing mobile phones.

IS THIS THE KIND OF INFORMATION PEOPLE DON'T MIND RECEIVING,

Gotta tell you this one, *with my humble respect to the ladies and their man*

Womens Ass Size Study....

There is a new study about women and how they feel about there asses, The results were pretty interesting.....

30% of women think their ass is too fat...

10% of women think their ass is too skinny....

The other 60% say they don't care, they love him,he's a good man, and they wouldn't trade him for the world..

That's all folks.....Terry.
